

Risk Factors Predicting Mortality: The New and the Old

Presented by:

Dr. Kathleen Wolin, ScD.

Assistant Professor, Washington University School of Medicine
Department of Surgery and Siteman Cancer Center

10:30 a.m. to 11:30 a.m.

Thursday, March 11, 2010

RGA World Headquarters

Training Room, 2nd Floor of Building 2 (Main RGA building)

1370 Timberlake Manor Parkway

St. Louis, Missouri 63017

**This free presentation is sponsored by the
Longer Life Foundation, an RGA/Washington
University partnership.**

Dr. Wolin will review the existing and emerging evidence relating lifestyle to mortality including advances in risk factor measurement, risk factor clustering and the timing of risk factor change as it relates to risk of disease and death. Dr. Wolin has conducted research in several large epidemiologic studies in the U.S. She will also provide an overview of the evidence offered by this research and what additional information these studies might yield.

**Please R.S.V.P. to Kristina Huminilovych at
khumilovych@rgare.com if you wish to attend.
Seating is limited.**
